

Maryland Junior Combine — Schools A-D

The following are Maryland Junior Combine results from Sunday's event at the University of Maryland. The players, not all rising seniors, are listed alphabetically by school. Nearly 1,200 players submitted their results in the largest Maryland Junior Combine in history. While great care is taken to enter the data, the sheer volume turned around in such a short time opens the possibility for error. If you suspect any information is incorrect, please e-mail sshr@erols.com.
